

## BREED BY ASTROLOGICAL SIGNS

For many years, the Astrological Signs (Moon signs) according to the body, have been used to breed. The sign Scorpio is the same as Secrets of the body. This is the sign I have used most to produce females or the feminine look. The Libra sign is the same as Reins of the body and can work for producing the males or masculine head and body. Cancer is the same as Breast of the body and this has been another very good sign to breed for good brood mothers. Some have said that if you have problems with poor pads on the hocks of your rabbits, the sign of Pisces or the Feet of the body can help with this also. The English and French Lop breeders may like to use the sign of Aries or the Head of the body for long ears. The problem with using this method is finding the Almanac or the calendar that has these signs in or on them. This information was taken out of **THE OLD FARMERS ALMANAC**, by **Robert B. Thomas** page 225 in the 2023 book. This philosophy has been handed down by breeders for years, (Nell Warren) who have had success using this chart in the past. If you purchase the book, there are many interesting charts and articles helpful in gardening and farming. There are a few knock-offs in the stores, just look for the one with the hole in the corner.
